

CURRICULUM VITAE

Name: Branimir CURMAN, M. Sc, Civil Engineer
Birth date: 04 January 1980
Address: Mob: **+385 98 663118**
E-mail: branimir.curman@gmail.com
Address: Nad lipom 9, HR-10000 Zagreb Croatia
Nationality: Croatian, EU citizen (from 1st July 2013)

Position: Project engineer
Lead Designer, Civil Design
Structural engineer, Static calculation

Education: 2007- Member of Croatian chamber of civil engineers (licensed professional engineer)
1998. – 2004. Faculty of Civil Engineering, University of Zagreb (Croatia)
1994. – 1998. High School for Electronics Science, Zagreb

Specific education: 2007. Republic of Croatia State Exam, Zagreb

Foreign languages: English, fluent;
Kaplan College-Edinburgh-high intermediate level

Computer programs: **Tekla Structures**, expert user,
STAAD-pro, expert user,
AutoCad, expert user,
Tower, expert user,
Bentley-Prosteel,

Codes: **Eurocode**, advanced knowledge
Aci, basic knowledge
Asce, basic knowledge
NORSOK, basic knowledge

Main experience: Designer and Lead designer of concrete and steel structures in oil&gas industry and cogeneration plants, construction technology design, designing of waste water treatment plants, coordination with other designers and contact with client. Designing supervision on site.

10 years experience

Professional history: 10/2013. – present CURMAN Project, Ltd Zagreb, Croatia
Lead Designer, Project engineer, Owner

ELEMENTARY SCHOOL „PETROVSKO“
Construction of new elementary school
Basic civil design
Building, equipment foundations and basins
Senior Designer

HOSPIRA Ltd.
Construction of new warehouse building (pharmaceutical warehouse)
Basic and detail civil design
Building, equipment foundations and basins
Senior Designer

PANA ENERGY d.o.o.,
Construction of new cogeneration plant by wood biomass
Basic and detail civil design
Building, equipment foundations and basins
Senior Designer

2014....

08/2009. – 10/2013. EKONERG, Ltd Zagreb, Croatia
Lead Designer, Project engineer

NEK, Nuclear power plant Krško
Safety Upgrade Project of Heat Sink (SU-UHS)
Conceptual design package
Senior Designer

LUDAN ENVIRONMENTAL Ltd.,
Waste water treatment plant
Basic and detail civil design
Building, equipment foundations and basins
Senior Designer
Project engineer (Project manager in front of designer)

2013....

Pliva Hrvatska d.o.o.
Construction of new synthesis plant SM2
Basic and detail civil design
Building, equipment foundations and basins
Senior Designer
Project engineer for civil projects

Pliva Hrvatska d.o.o.
Reconstruction of existing synthesis plant SM1
Basic civil design
Building, equipment foundations and basins
Senior Designer
Project engineer for civil projects

JANAF d.d.: Oil pipeline between island of "Krk" and coast
Basic and main design
Designer

2012....

JANAF d.d.: Reconstruction of existing oil pipeline with additional pipelines
from terminal "Slavonski brod" to terminal on Croatian border on Sava river
Basic design
Project engineer

HEP PROIZVODNJA, Construction of new chemical treatment plant at TETO
Zagreb Cogeneration plant
Basic and detail civil design
Building, equipment foundations and basins
Senior Designer
Project engineer

NEK, Nuclear power plant Krško
Calculation of cantilevers for pipes in nuclear safety zone
Basic and detail civil design
Senior Designer

JANAF d.d.: Construction of new gas tanks 80000m³ (8 pieces)
Basic and detail civil design
Foundations of tanks, Steel construction of tank, equipment foundations and
basins
Senior Designer
Project engineer for civil projects

2011....

HOSPIRA d.o.o. Construction of new chemical treatment plant at Savski
marof
Basic and detail civil design
Building, equipment foundations and basins
Senior Designer
Project engineer for civil projects

HEP PROIZVODNJA, Construction of new chemical treatment plant at Sisak
Cogeneration plant
Conceptual and basic civil design
Foundations of building, equipment foundations and basins
Designer

2010....

INA RN Rijeka, HGU plant
Compliance validation of the foreign basic and detail civil design documentation,
contact with client, manufacturing of additional basic civil design documentation
Junior Designer

10/2006. – 08/2009. EKONERG, ltd **Zagreb, Croatia**
Designer

OA0 NAFTAN, Novopolotsk, Republic of Belarus, Low-temperature isomerisation plant

Basic i detail civil design

Roads and pavings; storm water, process and oil-contaminated waters drainage designs, equipment foundations and pits

Junior Designer

HEP PROIZVODNJA, Construction of new chemical treatment plant at ELTO Zagreb Cogeneration plant

Basic i detail civil design

Steel structure,

Senior Designer

2009...

INA RN Sisak, Reconstruction of the Sisak Refinery Cooling Tower System RU-2

Detail steel design

Stairs

Junior Designer

ROCKWOOL-CRO 1 Rock Wool Plant

Basic i detail civil design

Design of steel construction

Junior Designer

2007, 2008....

09/2004. – 10/2006. Hidroelektra-niskogradnja ltd **Zagreb, Croatia**
Junior Designer

HAC, Overpass: " Gornji Dolac"
Basic i detail civil design

HAC, Overpass: " Dugopolje 2"
Construction technology design

HAC, Overpass: " Vidici"
Construction technology design

HAC, Bridge "Dabar"
Construction technology design

Zagreb, 05/11/2014.
